## Notes to the Financial Statements

31 March 1999

### 1. Ownership and Principal Activity

Pegasus Hotels of Jamaica Limited is a company limited by shares, incorporated under the Laws of Jamaica. The company is 59.8% owned by National Hotels and Properties Limited, a wholly owned subsidiary of Urban Development Corporation, which is owned by the Government of Jamaica.

The company owns and operates "Le Meridien Jamaica Pegasus".

These financial statements are expressed in Jamaican dollars.

### 2. Significant Accounting Policies

#### (a) Accounting convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain fixed assets.

#### (b) Depreciation

(i) Depreciation is calculated on buildings and furniture and fittings on the straight line basis at rates that will write off their cost or carrying value over the period of their estimated useful lives. Annual rates of depreciation are 1.43% for buildings, 14.28% for furniture and fittings and 20% for motor vehicles.

(ii) A replacement reserve for soft furnishings and minor equipment is credited with 5% of gross revenue. Replacements are charged against the reserve as and when incurred.

(c) Revaluation of fixed assets

Fixed assets are normally revalued every three years. Land is revalued on a fair market value basis, buildings and certain fixtures and furnishings are revalued on a replacement cost basis (Note 7). No valuations have been booked since 31 March 1993 as it is the directors' opinion that current market conditions do not support any further upliftment in the carrying value of the company's fixed assets.

(d) Inventories

Inventories are stated at the lower of cost and net realisable value, cost being determined on the first-in first-out basis.

(e) Foreign currency translation

Transactions during the year are converted at rates of exchange ruling on transaction dates. Balances payable and receivable in foreign currencies are translated at rates of exchange ruling at year end, any resultant gain or loss on translation is reflected in the profit and loss account.

3. Gross Revenue

This consists of gross income from all departments and excludes General Consumption Tax.

4. Management

By a Management Agreement dated 29 September 1997, Meridien SA is responsible for the management of the hotel. The agreement is for a period of five years commencing on 1 April 1997, with an option to continue for a further term of five years, subject to certain performance criteria being met.

Fees payable are the sum of:

(a) 3% of the hotel's gross revenue, less commissions, and

(b) 7 1/2% of the hotel's gross operating profit as defined by the Agreement.

5. Exceptional Item

This represents payments to former employees in connection with the termination of their employment.

6. Taxation

There is no provision for taxation in these financial statements due to statutory losses incurred. Subject to agreement with the Commissioner of Income Tax, losses available for offset against future profits of the company amount to approximately \$27,993,000 (1998 - \$9,436,000) and may be carried forward indefinitely.
